

*In the heart of the millenium city of Montpellier*

*Welcome to Montpellier*

**MONTPELLIER FRANCE**

# *An exceptional lifestyle...*

300 days of sunshine per year

An elegant city, old and new

Montpellier's elegant historic and pedestrian centre is a myriad of little streets, full of shops, restaurants, parks and gardens

## MONTPELLIER FRANCE

## *A centre of art and culture*

Vibrant, active and lively, summer and winter, morning, noon and night.  
The renowned Radio France Music Festival and the Montpellier Dance Festival, the International Festival of Mediterranean Film...

The Fabre museum, two opera houses, a rich historical center with gardens, the St Pierre Cathedral, the French oldest Faculty of Medicine created in 1220...

## *Bounded by both mountains and sea*

Ten minutes to get to 100 miles of Mediterranean beaches

## *The region's magnificent vineyards*

Considerable improvements have been made in the quality of Languedoc-Roussillon wines: many have achieved AOC status and are sought by connoisseurs worldwide

# MONTPELLIER FRANCE

# *A rich scientific environment*

- Research facilities in various scientific disciplines: Physics, Chemistry, Materials, Sciences...
- Medical research: The CHU of Montpellier is one of the most important in France in number of medical research projects
- Life sciences, Agricultural sciences and Plant biotechnology
- New Information Technologies

- E-learning, participation in the open university « *Université Ouverte Montpellier Languedoc-Roussillon* » (UO-MLR)

At the heart of the scientific community of Montpellier and the Languedoc-Roussillon region (France)

Agropolis International, **an association founded and governed** by the **institutions** of the **scientific community**

 **agropolis** fondation

A new tool to support the development of research and training-through-research programmes, at international level

[www.agropolis-fondation.fr](http://www.agropolis-fondation.fr)

gateway  
A **gateway** that provides:

- An **easier access** to
  - the expertise of the community
  - documentary resources
  - information
- A **visitors service**
  - "Mobility Centre" for visiting researchers and professors
  - organisation of visits for national and international delegations, meetings, events, congresses...

A **go-between** and a **support** for **common projects**

- promotion, coordination and management of inter-institutional projects with international scope
- interface with the actors of the economic development

facilitation  
A centre for **management** and **facilitation** of projects

pilote platform  
A **pilot platform** to set up **inter-institutional partnerships** and **new organisation methods**

Agropolis International Association works for the scientific community

# High performance infrastructures

Montpellier is extremely well served by advanced, integrated and uncongested transport networks, including **high speed road and rail**, and an **airport fast access**.

## AIR

**14 destinations** served by Montpellier airport

- Paris: 15 to 20 daily flights (flytime: about 1h)
- London Gatwick
- London Stansted
- Frankfurt Hahn
- Madrid

*traditional and low cost airlines*

## RAIL

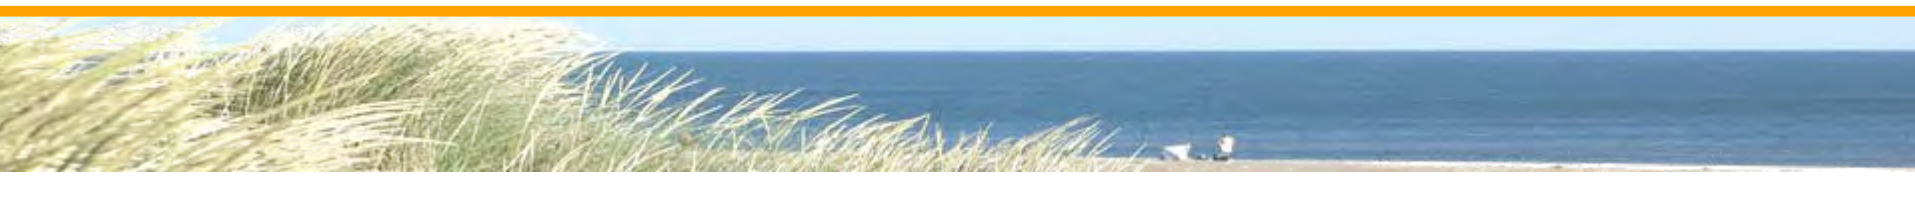

France's railway infrastructure is one of Europe's finest  
 3<sup>1/4</sup> hours away from Paris by direct high speed train (TGV)  
 15 daily schedule trains

## ROAD

Direct motorway links to European cities

# MONTPELLIER FRANCE

# Urban Transportation system...

## The Tramway

Southern France's first tramway enables rapid and inexpensive cross-city travel.

Many tram stations are integrated with bus services and park-and-ride schemes.

*The tramway*

# Quality Hotels...

With more than **4,300 hotel rooms** customers have a wide range of choice of quality and price.

Montpellier itself has some 2,900 hotel rooms, **with 1,000 rooms within five to ten minutes of the Corum Conference and Cultural Center.**

*One of Montpellier's hotels*

# The Corum services

As Le CORUM has managed some 200 events a year since 1989, we can provide a highly experienced team to help handle all your logistical problems. Le CORUM has proven and certified excellence in customer service: **You can thus concentrate on the essential : the actual contents of your event.**

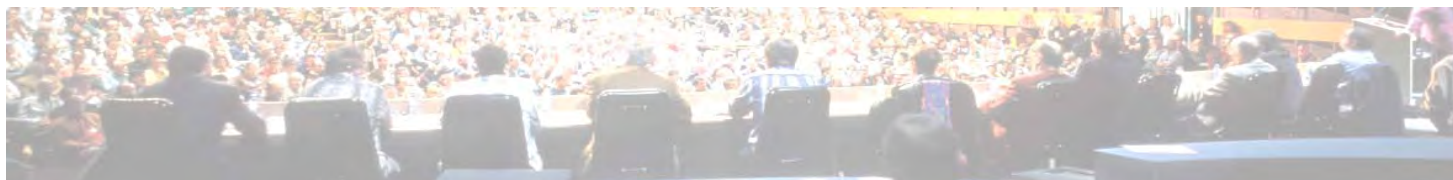

From hiring a room to providing every service you need for a successful conference:

- **Event organisation**
- **MANAGEMENT OF HOTEL BOOKINGS**
- **MANAGEMENT OF CONGRESS PARTICIPANTS**
- **Management of exhibitions**
- **Technical services**

**The “Enjoy Montpellier Pass”.** This combines a range of services to help conference members find out more about the city (guided tour), move around (transport card), practise a sport (entry to the Végapolis ice rink and the Olympic Pool), amuse themselves (entry to the Planetarium, Musée Fabre pavilion, etc.) and enjoy the city’s friendly atmosphere (free aperitif in one of our partner restaurants).
